RUN

Week 02 Run

Week 2 of 52 | Mon 12 Oct 2026 to Sun 18 Oct 2026 | Month 1: Kick, balance and feel for the water

Thursday, 15 Oct Treadmill walk/run 1.5:2 (45 min)

Focus: Run minutes up 50%, tendon still protected by the walks

Section	Details
Warm-up	5 min brisk walk (5.5-6.0 km/h), 1% incline. 20 slow calf raises off the back of the treadmill, 10 leg swings each way.
Main	6 x (1.5 min easy jog / 2 min walk) = 21 min. Total run time 9 min.
Cool-down	5 min walk, then the 15-minute prehab routine (see Achilles and Knee Prehab Guide).

Notes: Jog pace = a pace you could talk in full sentences at, likely 7.5-8.5 km/h. Walk = 5.5-6.0 km/h. Cadence 170+ steps/min: short, quick steps, land under the hips. Only progress if last week scored 0-3 on pain.

Sunday, 18 Oct Treadmill walk/run 1.5:2 (30 min)

Focus: Repeat of Thursday, then Strength B

Section	Details
Warm-up	5 min brisk walk (5.5-6.0 km/h), 1% incline. 20 slow calf raises off the back of the treadmill, 10 leg swings each way.
Main	6 x (1.5 min easy jog / 2 min walk) = 21 min. Total run time 9 min.
Cool-down	5 min walk, then Strength B.

Notes: Pain during / next morning (0-10): ____ / ____
